

Yin Zhu

UI/UX Designer
AI Product Designer

Portfolio http://yinzhudesign.com

Based in Ichinomiya, Japan yinz.work@gmail.com

Professional Profile

I'm a UI/UX designer with 16 years of experience across diverse industries, including Web3, AIGC, e-commerce, and consumer products. Skilled in crafting solutions for complex projects, and adept at delivering and iterating on smooth, intuitive designs. I leverage analytics tools to drive user experience optimization and product growth.

Main Work Experience

8glabs, Inc.

2021 - 2026, United States, Remote

UI/UX Designer | Product Manager

1. Led UX/UI design for multiple projects across the Web3 and AIGC industries, delivering intuitive and user-focused digital experiences.
2. Utilized third-party analytics tools, including Google Analytics, Amplitude, and OpenReplay, to evaluate user behavior and improve service performance.
3. Leveraged AI tools like ChatGPT and Claude AI to develop Python scripts for rapid prototyping and initial implementation of key service features.
4. Monitored and supported project deployment across both development and production environments to ensure functionality and stability.

Yunnan Zhengyuan Tea Bio-tech Co., Ltd.

2019 - 2021, China, On-site

Design Director | Co-founder

Co-founder of the brand, led product design, e-commerce site development and maintenance; collected user feedback to refine offerings and enhance the overall customer experience.

Yunnan Zunyang Bio-tech Co., Ltd.

2010 - 2019, China, On-site

UI Designer | Product Designer | E-Commerce Manager

Led UI and product design, managed e-commerce site maintenance, and collected user feedback to refine offerings and improve customer experience; contributed to market expansion and customer growth.

Skills

Web design | APP design | Wireframe | User research | Design system | Prototyping | Interaction design | HTML | CSS | Claude AI | Amplitude | Google Analytics | OpenReplay

Education

Kunming University Of Science And Techology

2001 - 2005, China

Bachelor of Engineering

Background in Industrial Engineering, with a focus on systems design, human factors, and process efficiency—bringing a structured, user-centered approach to UI/UX design and a deep understanding of complex user interactions.
